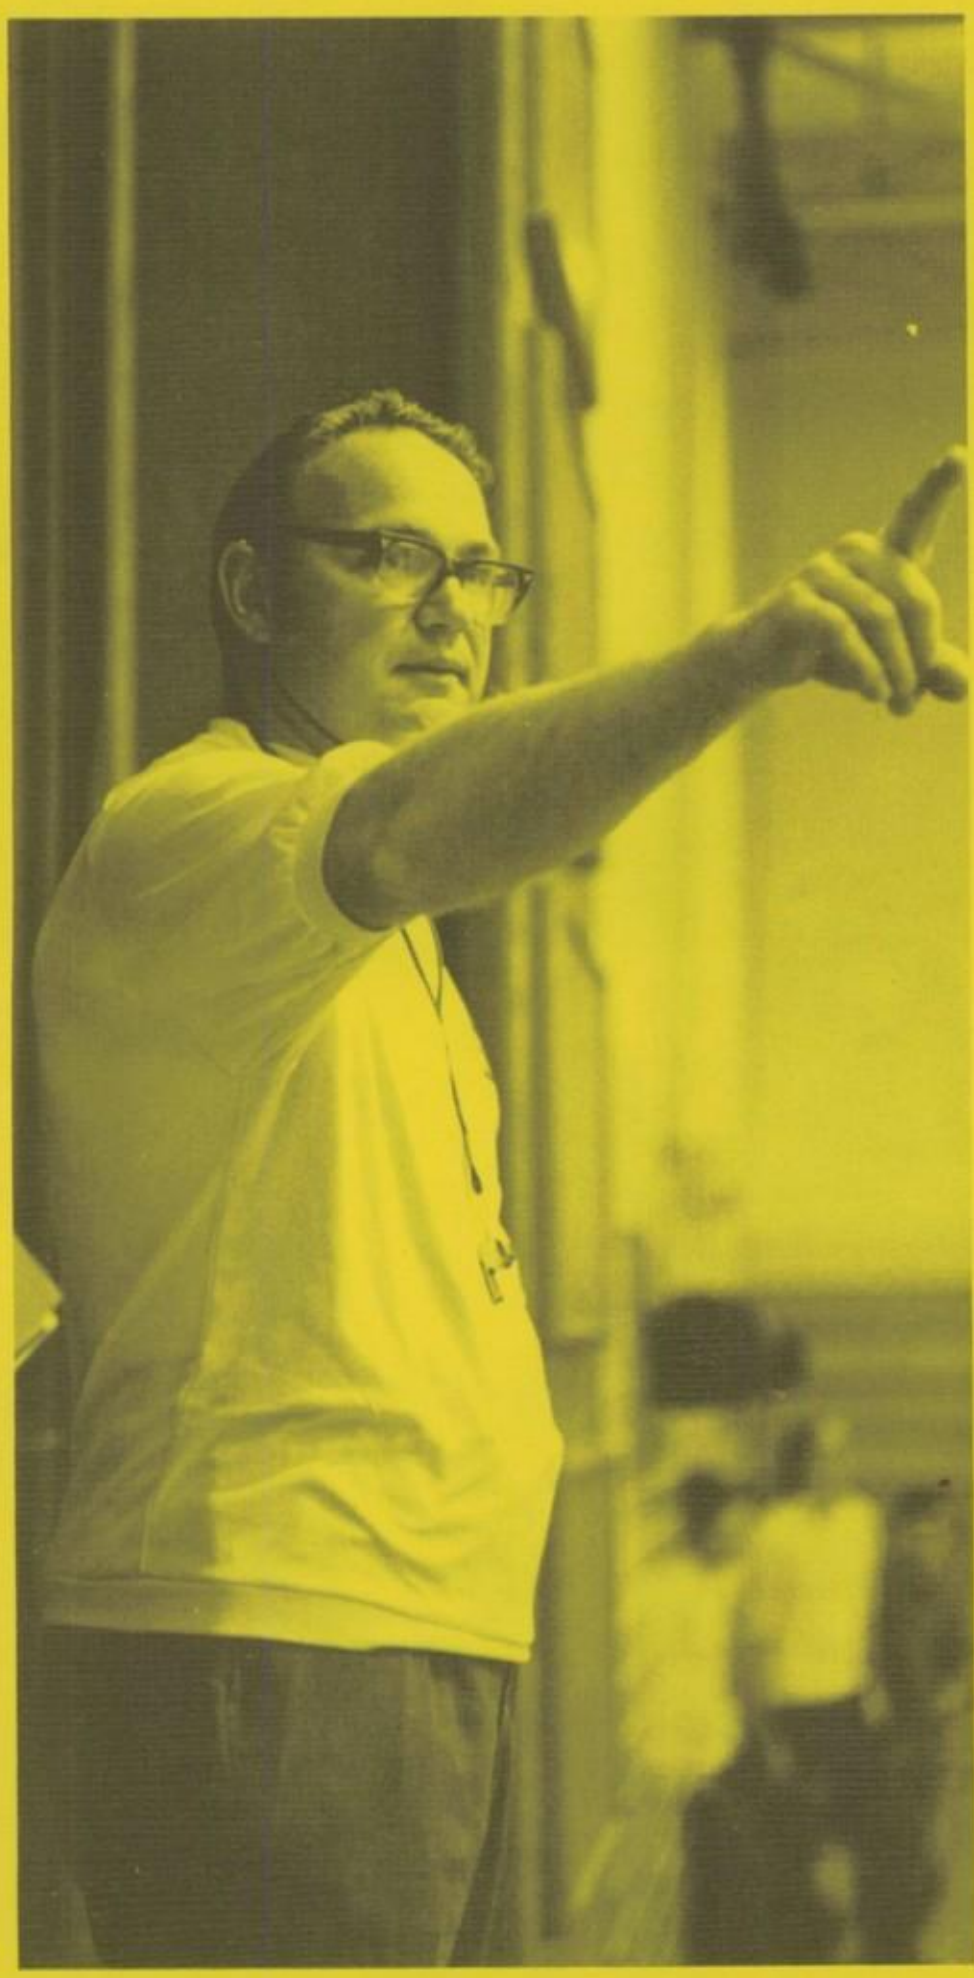
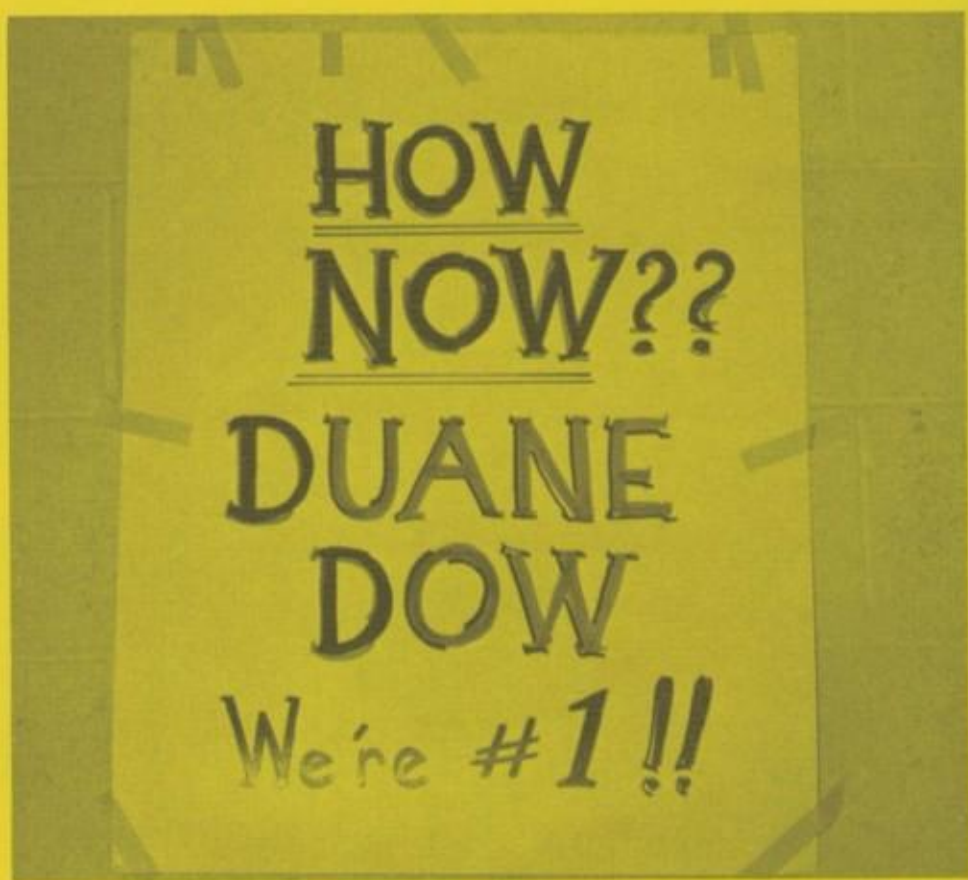
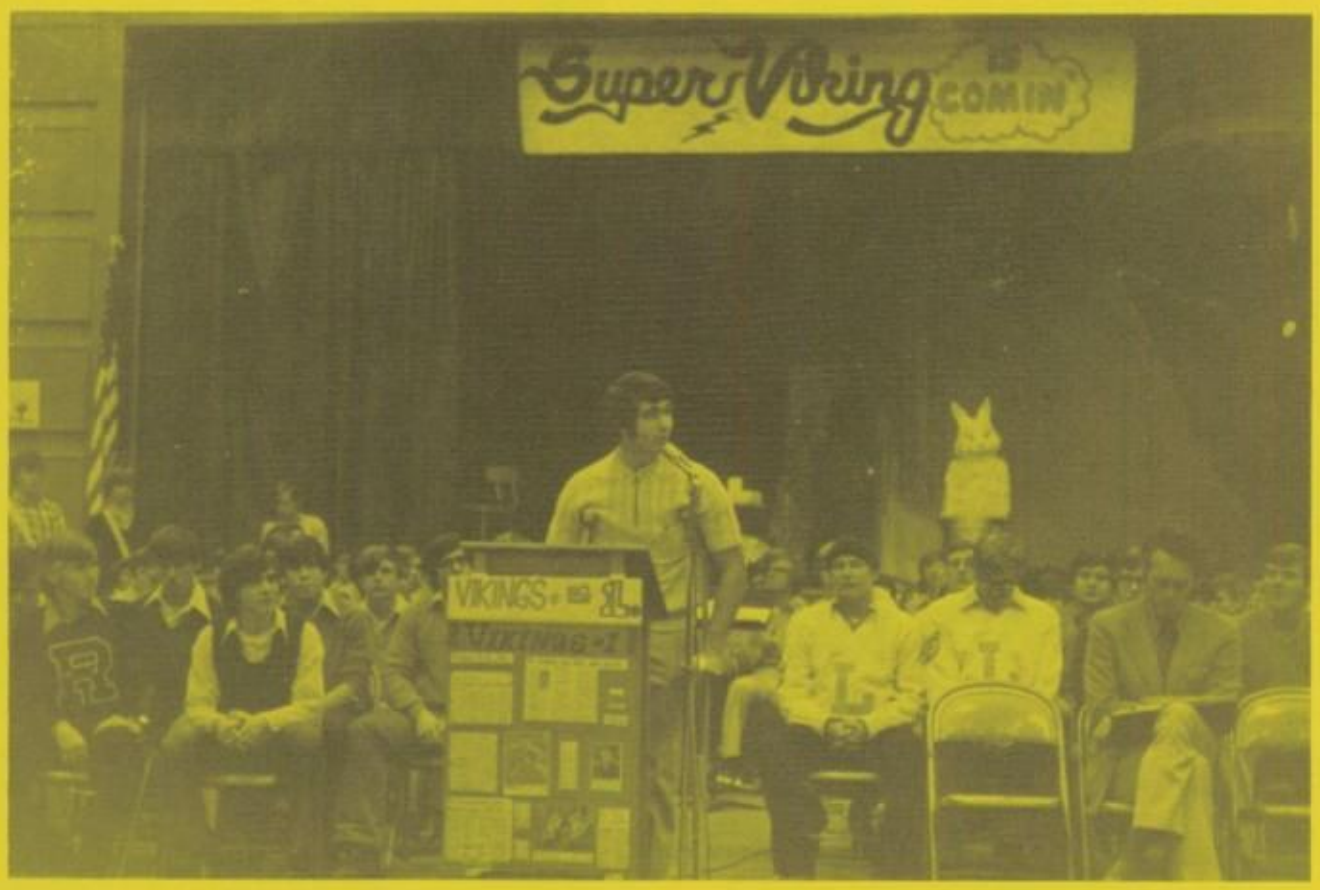
INITIATIVE





AMBITION FOR PERFECTION AND TAKING PRIDE IN OUR SCHOOL



The talent of success
is nothing more
than doing what you can do well,
whatever you do,
without a thought of fame.

— Longfellow

HAPPINESS

If it be my lot to crawl,
I will crawl contentedly,
if to fly,
I will fly with alacrity,
but, as long
as I can avoid it,
I will never be unhappy.

Student Council Activities Gain Financial Success

Financial prosperity posed to be the major success of the 1972-1973 Student Council. Due to numerous dances and a highly profitable Homecoming, this Student Council proved to be one of the most financially successful in the school's history.

The Student Council also sponsored a number of pep rallies and conducted a vastly improved intramural program.

The annual food drive, held during the Christmas season, brought contributions to feed approximately 200 families. The food was given to the Marillac House and needy families of Burbank and Chicago.

Mothers' Club Salad Luncheon — Overwhelming Success

October 12th proved to be a disaster weather-wise, but not enough to dampen the spirits of the ladies of the St. Laurence Mothers' Club. Over 1000 women attended the salad luncheon and the event grossed close to $10,200, the biggest gross of any affair ever held by the mothers. $7,500 profits purchased carpeting for the library and curtains in the cafeteria.

This year's spring event, called "Wailana Luau," occured on March 24th, and over 550 people attended. The "Luau", headed by Mrs. Jeanie French, consisted of Hawaiian decorum. Proceeds went towards the purchasing of new chairs in the typing room, and new study carrells in the reading lab.

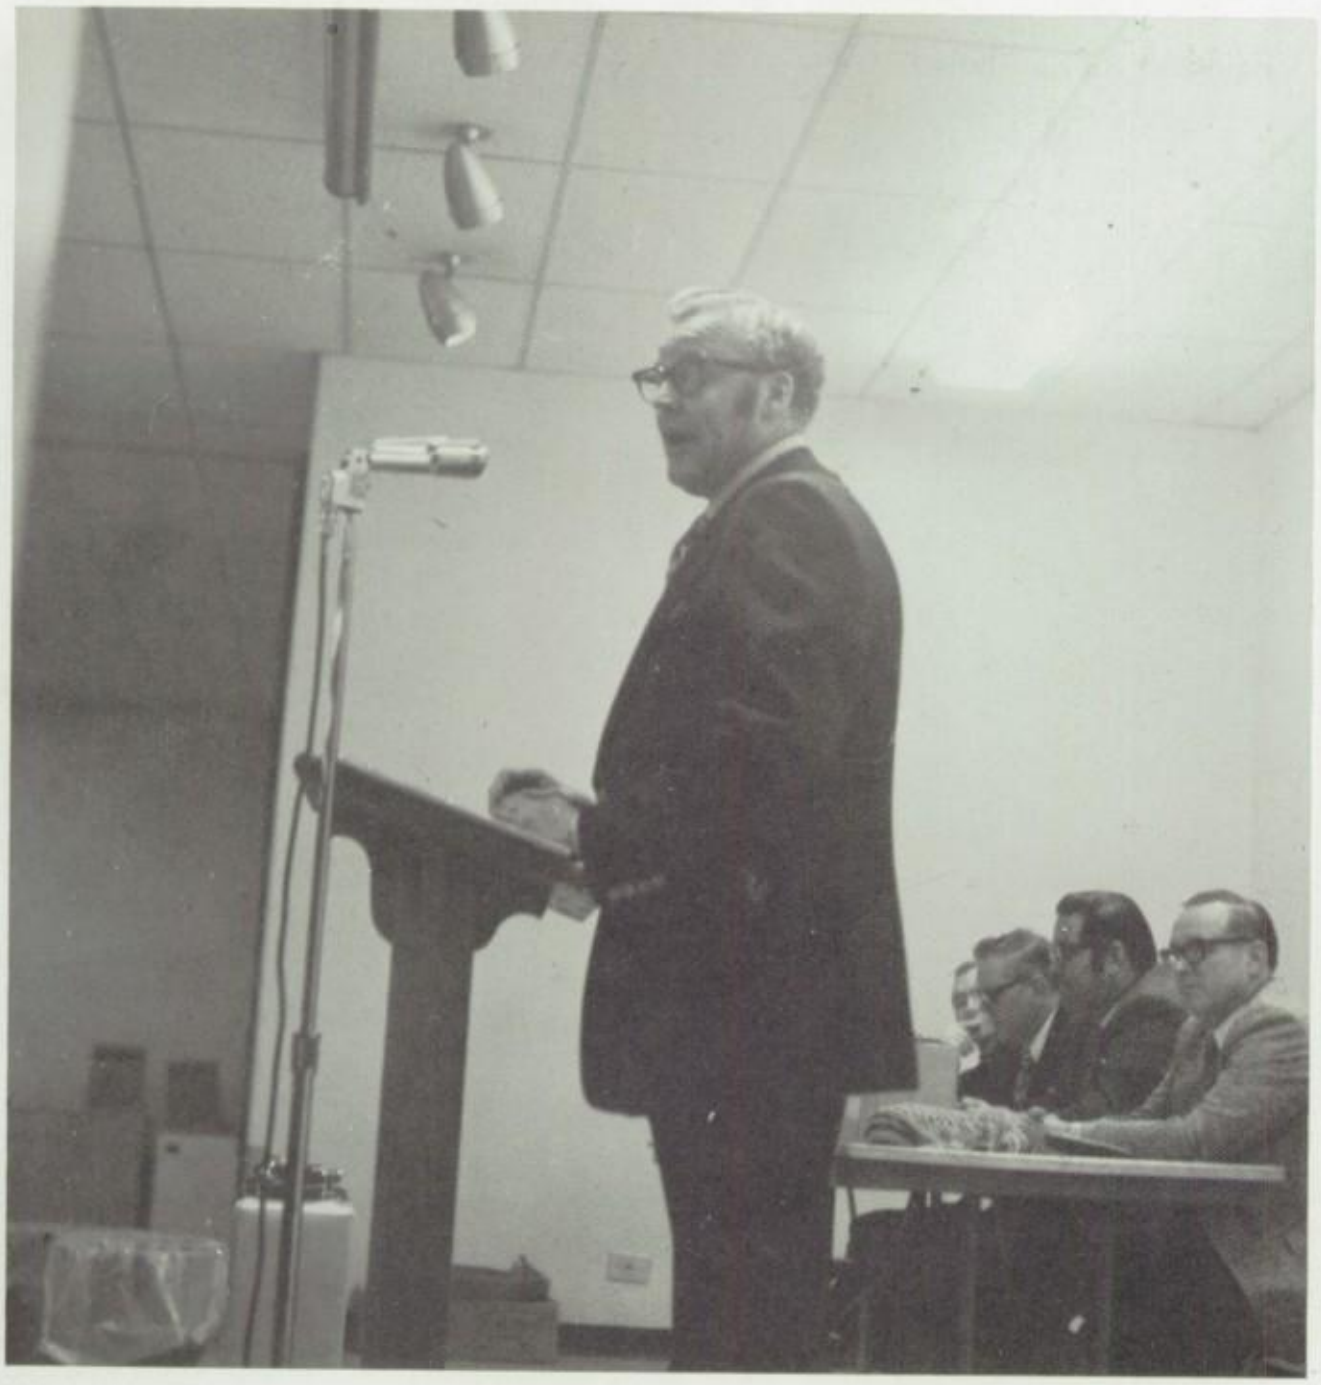
Fathers' Club Beautifies School



St. Laurence now has a modern park facility. Thanks to the 1972-73 Father's Club of St. Laurence, the park, in construction for some time now, is finally completed. In addition to the new park, the Father's Club also added a new van to accompany the one they bought last year.

With an increased enrollment to 890 members, the Father's Club held a dance November 25, with approximately 500 couples attending. The annual Smoker held February 10, entertained close to 1000 men. A Pontiac automobile and color television were raffled off during the event.

Homecoming '72 Provides An Era Of Spirit And Pride

Homecoming '72 presented St. Laurence with the first victorious homecoming in many years. Festivities got under way at the Homecoming Pep Rally, where coaches and players expressed feelings regarding the success of this year's team. Enthusiastic responses of the students created an era of spirit and pride.

That evening the heavy sounds of Head East swelled the cafeteria for a sock-hop.

The following Sunday provided the climax of the homecoming celebration starting with the parade of floats. Led by the Homecoming queen and her court, the joyous procession made its way to Reavis Stadium along with a multitude of fans. As the game got under way, confetti and cheers filled the air as a large crowd heartened their team on to victory. The score ended up in a tense 12-6 edge over the Leo Lions, representing the first homecoming victory in many years.

After the game, Graduates, Seniors, Juniors, and their dates prepared for the finale of the festivities, the annual Homecoming Dance. Just under 300 couples attended. The theme of the dance was "Reach Out and Touch." Beautifully set decorations portrayed the combined efforts of Bob Medrala, Al Jurges, Larry Buchanan, and Nick Masla. Musical talents of *Coal Kitchen* and *One-Eyed Jack* provided the entertainment for the evening.

Helm Works To Present News In A Professional Manner

Producing a professional paper to inform and entertain the students of St. Laurence was the goal pursued by the members of the 1973 *Helm* staff and it's moderator, Br. Keane.

A month-long summer seminar for editor-in-chief Michael Nolan and associate editor Tony Miksanek at Catholic University in Washington, D. C., and a week's study for copy editor Dean Salerno in Detroit provided the necessary training. John Vail, Rick Kempa and Al Jurges assumed the other editor jobs.

For the second straight year advertising was incorporated to finance the *Helm*. Advertising allowed 8 issues to be produced through its printer, Sons Enterprises. The *Helm's* philosophy was to keep advertising to a minimum, thus devoting more space to stories.

The *Helm* attempted to cover the less known activities at St. Laurence, not only the better known events. In sports, not only the major sports were covered, but also the minor. A balance of the news was covered.

After the Northern Illinois Press Association presented the Valhallan '72 with two Blue Ribbons on coverage and organization, the staff made their goal to improve on what last year's book lacked. The staff along with Br. Reeves, Moderator, has worked very hard the past year trying to improve on their rating.

During the school year, Jim Muting and Bob Tyszka attended the Northern Illinois School Press Association journalism conference in October, held in DeKalb, Illinois. Mike Crowley and Mike Kalkowski attended the National Scholastic Press Association conference held at the Palmer House, Chicago, on November 23-25. At these meetings the staff gained new approaches in yearbook production. The expanded yearbook displays more pictures in the underclassmen section. The addition of the quotes in the senior section expresses the beliefs of the graduating class.

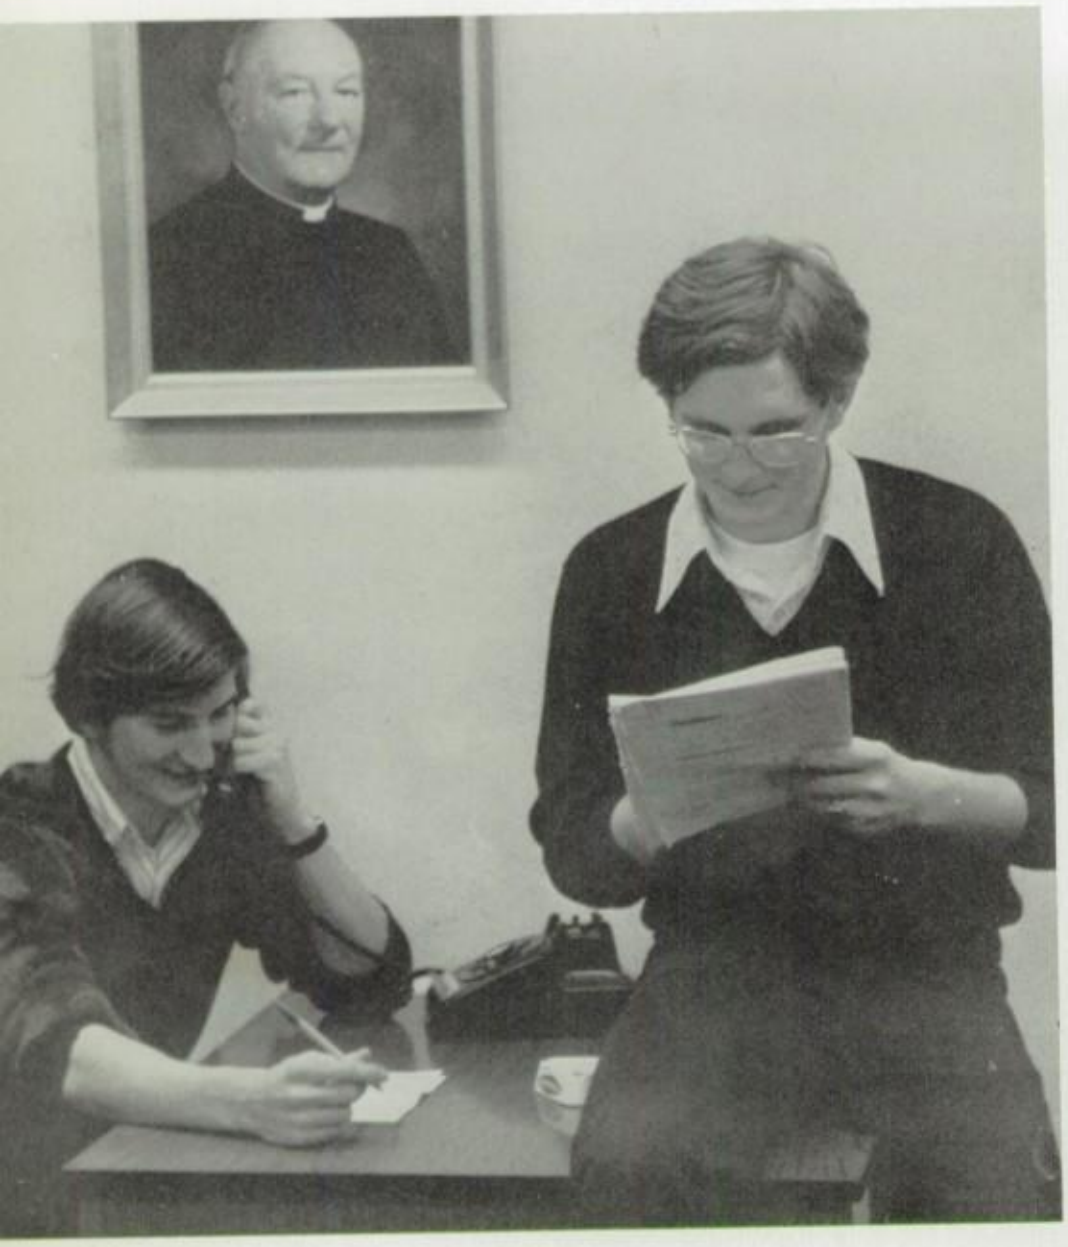
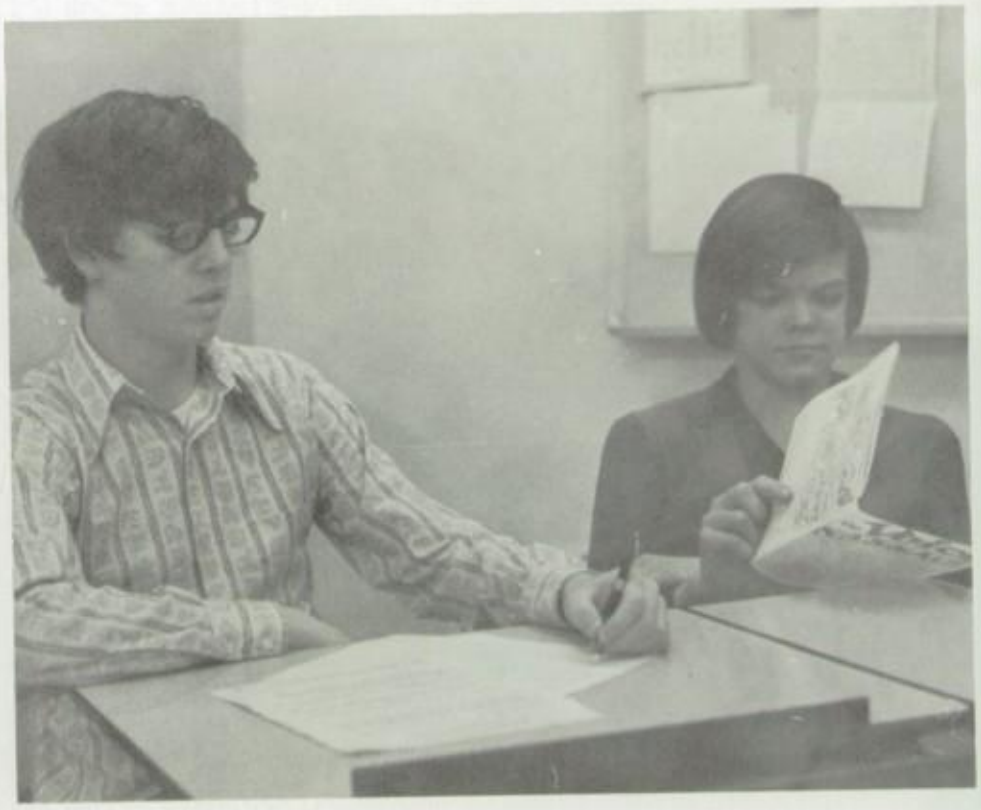
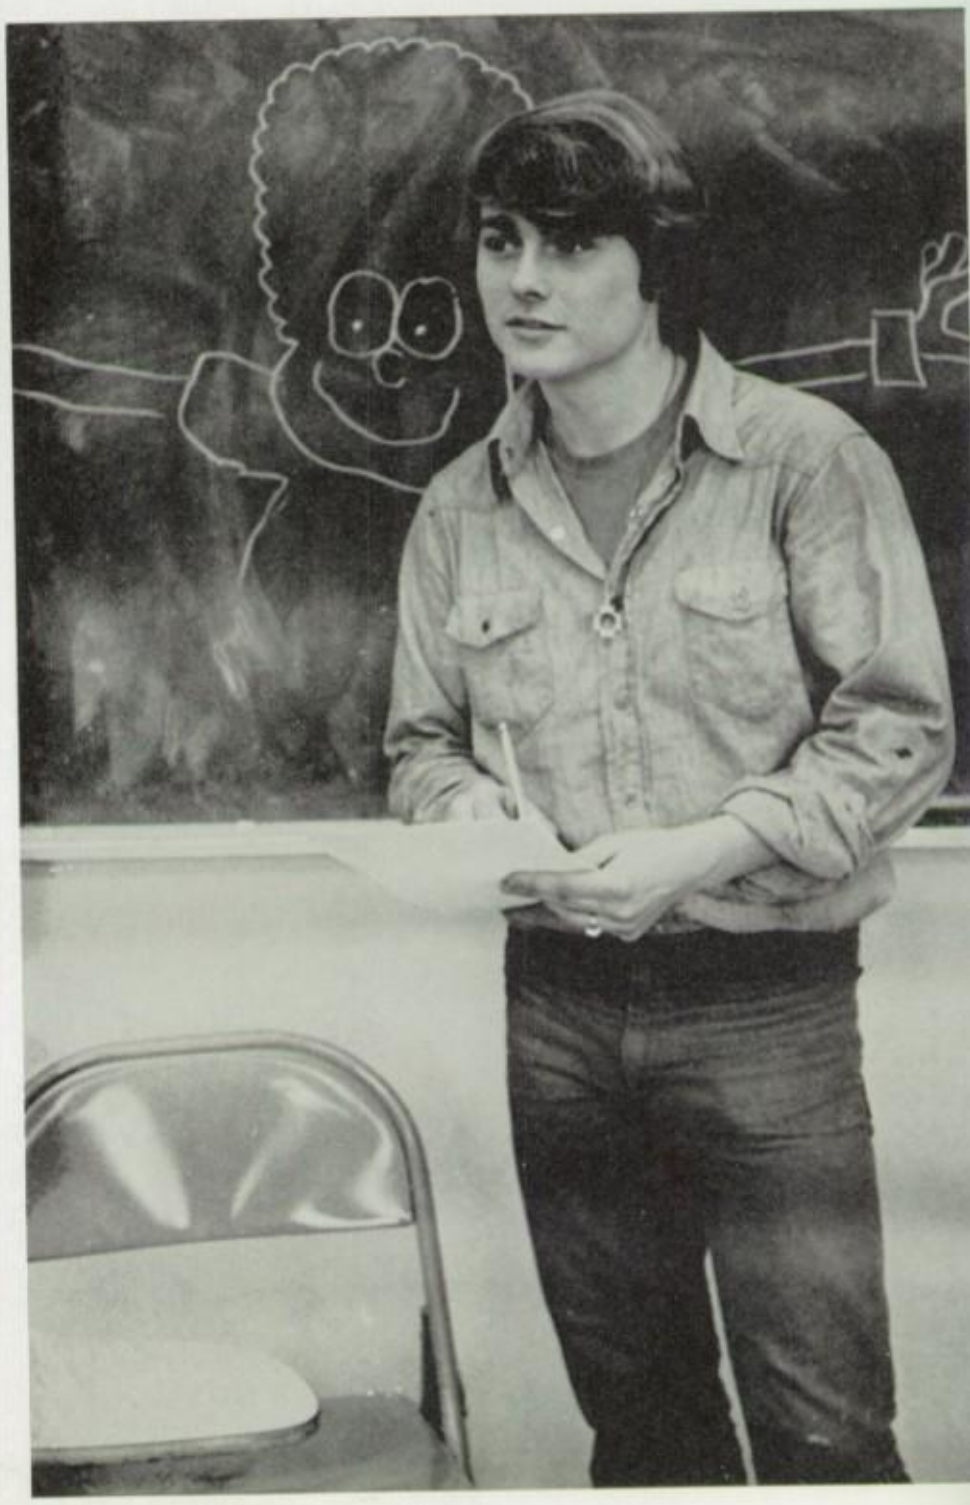
Two Innovative Publications — Voice & Alumni News







This school year saw the initiation of two student publications, the *Voice* and the *Alumni News*.

The *Voice* was put out by four members of the *Helm* staff; editors Rick Spangler and Rick Kempa, designers Randy Kaden and Kerry Kelekovich contributed their time in the organization of this new publication. The *Voice*, used as a filler between publications of the *Helm*, covered Student Council meetings, enabled students to keep up with sports events and gave them an opportunity to speak out on school issues.

Initiated by Brother T. J. Collins, the *Alumni News* helped in maintaining contact and interest with past graduates. In order to make it a success, Al Jurges, Bill Lisowski, and Bob Medrala, contacted graduates of St. Laurence for the purpose of gathering information.

Laurenta Aids Brother's Houses of Formation

The Laurenta Club is a group of dedicated ladies who are mothers of St. Laurence graduates. This group came into being on July 21, 1966, when a nucleus of two dozen mothers formed the organization under the guidance of Brother John D. Carr, their founding moderator. With raising funds for the Brother's training houses as their chief goal, the Laurenta meets about once a month for more-or-less informal board and general meetings. On April 6, they held their annual social, a card and bunco party. Membership at present includes mothers of alumni from the first graduating class (1965) up to the class of 1972. It is expected that a large number of mothers of this year's graduating class will join in the group next fall.

The Chess Team, moderated by Br. Medvit, battled their way to a play-off spot in the south section. Along with being the President of Chess Team, Gerard Coop headed the scoring along with Frank Nowinski, going into the playoffs with five wins each. Upon meeting their opponents in the south section, the team finished with a 3½-2 record giving them a second place position. Members of the team are: Gerard Coop, Tom Wiencek, Frank Nowinski, Mark Rudnicki, Dave Lloyd, and Don Wrzesinski.

Minneapolis Tour Highlights Band's Performances

An enrollment of 94 boys and 2 Queen of Peace girls made the 1972-73 St. Laurence Band the largest in the school's history. The band also prided on having the unusual number of 8 French Horn players in the group.

A wide variety of songs portrayed the broad range of talent possessed by the band. Such numbers as: *Here's Chicago, No No Nannette, Rhapsody in Blue*, and *Dixieland* brought a unique assortment of music to band enthusiasts.

The orchestra made a trip to Minneapolis from April 4-6 performing in a number of area high schools. In addition to the trip, the band played in its annual Christmas and Spring concerts, all of the football games, and in a special performance for the Mother's Club.

The officers of the group are: Chuck Morton (President), Al Jurges, Nick Masla, Wayne Stremski (Vice-president).

On February 24, 136 Juniors and Seniors and their dates attended the annual winter dance. Under the direction of Seniors Nick Masla and Larry Buchanan, with Miss Turek as faculty advisor, many students worked on the planning committee.

The theme of this year's dance came from a Moody Blue's album, "Upon the Threshold of a Dream." Celestial and abstract decorations filled the foyer and cafeteria. The purchase of a mirror ball by the Student Council produced a spectacular lighting effect throughout the cafeteria. Reproductions of dreamy and unnatural features illuminated the dance floor. This effect looked like an abstract version of our own galaxy as one might picture it in a dream.

Hardwork Results in Two Dramatic Productions

The finished play in the theater, like all finished art, looks easy. When the lights go down in the theater and a character emerges from the darkness, the people in the audience do not stop to think that a light man is moving levers to bring on focused spotlights. As the character moves about the stage, they are not conscious of how the floor has been carefully laid out. They receive an immediate impression — a feeling of joy or anxiety, of release or enclosure — without thinking that this impression is due to the carefully planned color and texture of costumes and furnishings, the kind of lines and shapes used in the design, the quality of the rhythm and movement. The audience accepts unquestioningly the person who seems to come to spontaneous life on the stage; yet this person is an actor whose simplest movements and speech must have the concentration and control of a dance or a song. The characters were created by the playwright and the words may have been interpreted in other theaters by other actors in quite different ways. But here they create the "illusion of the first time," new and surprising in the tone and stage business of these actors at home in this stage setting. The performance, now so complete and effortless, took many weeks of planning, preparation, and rehearsal by an elaborate organization of many workers with special skills.

This year St. Laurence High School presented the Broadway hit musical *Fiddler on the Roof*, which ran four nights.

Lettermen Help Foster School Spirit

The symbolic emblem of the golden 'L' has a respected signifigance at St. Laurence H. S. To be accepted for membership a student must have participated in a varsity sport and achieved a major letter.

The 50 members of the Lettermen's Club perform many tasks and services towards the betterment of the school. Such things as cleaning and organizing the trophy case, running the concessions and coat checks at school events, and ushering at social meetings and plays, help toward the general appearance and reputation of St. Laurence. Above all, the main purpose of the 1972-1973 Lettermen's club is to bring improvement, student spirit and unity.

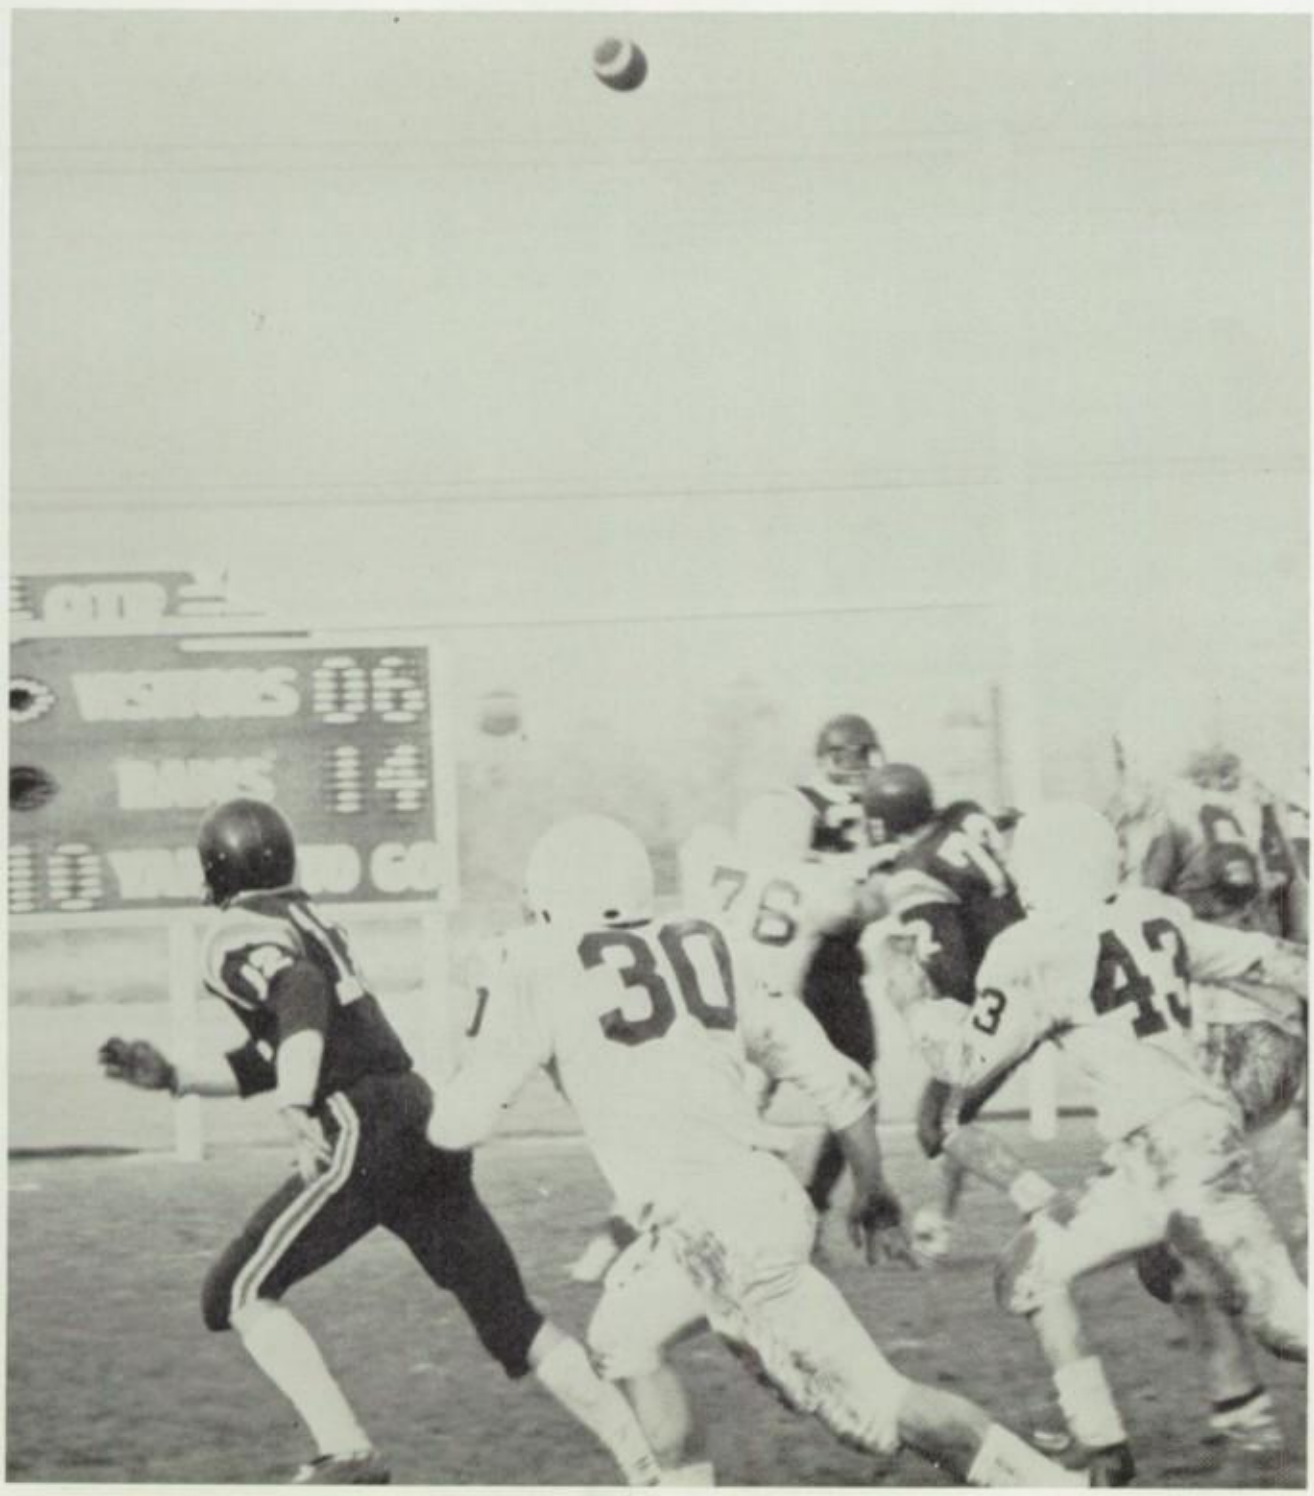
Teamwork Leads Viking Gridders to Catholic Playoffs



Teamwork keyed the success of the 1972 football team. In a league with such well balanced competition, as the story went this year, only a tried and tested team could take the honors. On the field, you concentrate and do your job. If everyone clicks its teamwork.

The season proved the squad could be tied, as was the case with Gordon and Rita, but would only lose once, to Mendel. Despite a very green offense the players made a great effort as a team. The Leo game was the turning point of the season, and best for the offensive team. While the Br. Rice game provided the test of the defensive squad. Mendal taught us a lesson for the playoffs, that the undefeated could be beat, but the loss built incentive for perfection.

Steve Mally gained 471 yards in 158 carries, completed 15 out of 57 passes, an average of 31.8 yards passing. Mike Reed gained 543 yards in 94 carries an average of 6 yards per carry. Kevin King totaled 386 yards, 79 carries to average 5 yards. Mike O'Connor ran up 397 yards in 83 carries to a 5 yard average; he completed 1 pass for 58 yards. This year's team scored 146 points, the most ever scored in the school's history, while giving up the fewest to opponents, a total of 68 points.

At the close of the season, the players voted George Alles best offensive lineman, Mike Reed best offensive back, Tim McGann best defensive lineman, Ron Foys best defensive back, Steve Mally most valuable player, and Mark Krull received the Karl Krueger Award.

A season record of 5-1-2 locked the Vikings in third place and assured them of a spot in the Catholic League playoffs.

Summer Workouts Payoff in Season Success

During the playoff meeting, the coaches drew to play Mendel a week after our loss to them. The game proved decisive. A strong offense racked up an early lead before Mendel attempted a comeback. Defense stifled Mendel's recovery attempt as the score ended 24-22. The price of victory was high as Mike Reed was injured and out for the rest of the playoffs. Victory moved the Vikings into the finals, matching us with south-side rival Br. Rice.

On Thanksgiving Day the two teams met. Two powerful defensive units held the game scoreless until minutes before half-time. The 81 slant, a 65 yard pass from Mally to Hayes, led to the first scoring followed by a pass from Mally to Mikel for the two-point conversion. The defensive deadlock continued until the last two minutes of play. Br. Rice came back to score a touchdown and Dave Pikowitz blocked the two-point conversion attempt. On the following kick-off, Br. Rice attempted an on-side kick. When a Viking defender fumbled the ball, Br. Rice recovered.

They attempted several pass plays before time ran out. After the game, Steve Mally received the Most Valuable Player Award. And the Vikings now held the title Catholic League Champions of 1972.

Before a crowd of 45,000 people in Soldier Field and many thousand T.V. viewers, Taft and St. Laurence clashed in Mayor Daley's 39th Annual Prep Bowl. Several Viking fumbles deep in their own territory helped put Taft into an early lead. Toward the end of the second quarter the offensive machine scored a touchdown and a two-point conversion. The half ended Vikings 8, Taft 7. Shortly after the second half began, the offense drove for two more touchdowns and a final score of 24-7. Kevin King received the Most Valuable Player Award. WLS Radio awarded the football squad the High School Team of the Year Award. Coach Kavanagh received the Coach of the Year Award from the Chicago Newspaper Prep sports writers.

A successful season ended. The Vikings (8-1-2), now called Chicago City Champs, reached the top. "How now, Duane Dow?"

Hard work and efforts gave the Freshman gridders the experience to assist them in coming years. The Freshman coaching staff also found valuable techniques to improve their teams in the future.

St. Laurence proved capability to push around the opposition in two tense contests. Against Leo, the Freshman held a 6-0 lead until the closing minutes when their rivals tallied for 8 pts. In the last game of the season, the young Vikings put up a strong fight against the Mendel team until the Monarchs took advantage of a bad play on our part.

Deserving special recognition are Bill Falkenthal, Mike Stauski and Mike Keating, who through outstanding performances proved to be Viking stars hereafter.

Local news coverage of the 1972 Cross Country teams proved to be negilgible throughout the season. Despite the poor publicity, the 1972 Cross Country Championship, highlighting the season, proved to be quite a contest. After a 4-6 record in over-all competition, the St. Laurence Cross Country team finished fifth behind Loyola, Fenwick, Mendel, and Leo. Loyola again gained the crown due to their persistent dominance. Deserving of special recognition are Mike Orlowski, Mike Zygmant, and Bob Sadowski who finished high in competition.

The J.V. went into the meet with a 9-1 record finishing third behind Fenwick and Rita. Fine performances were put out by Steve Murphy, John Joyce, Dave Weber, Ed Birth, Jeff Kordas and John Piccone. Coach Coffey hailed the '72 J.V. team as the best he has ever coached.

Tennis Returns to St. Laurence

After a year's absence tennis came back to St. Laurence in 1972. Moderated by Br. Haggerty, this year's team began because of the interest expressed by several students. During autumn and spring about 20 students regularly stayed after school to participate in the sport.

Because of the team, students who had an interest in tennis practiced and played in organized competition. While this year's team wasn't in the Catholic league competition, it did participate in several meets. In individual competition freshman Tom Reynolds won an award for singles and Jerry Buch and Tom Reynolds won a trophy for their efforts in doubles.

Cheerleaders Add Warmth and Spirit to Sports Events

During the summer prior to the sports season, our cheerleaders attended a camp in Platteville, Wisc. where they perfected their skills and at the same time competed with various squads. At this camp they won ribbons in daily competition and brought home the Spark Plug and Spirit Stick, awards for their outstanding routines. The group consisted of nine girls from Queen of Peace: Mary Jo Crosetto (captain), Jan Pontarelli and Maureen O'Brien, seniors, Peggy O'Rourke, Kathy Roche, Kathy Reda and Nadine Sondej, juniors, Judy Circo and Katie Glover, sophomores.

After the Leo game, the fifth game of the season, the "Big Gold's" record stood at 2-3. The road to the playoffs looked mighty tough. Two victories over Mendel and Rita turned the season around, 4-3. Then a determined Br. Rice team outdid the Vikes 55-48. Three games ahead, and all had to be won. Weber and Loyola fell to the Vikings in succession.

One more victory stood in the way of the play-offs. In the final minutes of the last game of the season, the Heavies starved off a special pre-play-off game, defeating Mt. Carmel 72-67. The Heavies compiled a 7-4 season, finishing fifth in the league.

In 28 games, the Vikings scored 67.3 points per game to their opponents' 56.9. The team averaged a commendable 50% from the floor.

Steve Puidokas and Roman Butkus joined the list of the 1973 Catholic League All-Stars. Puidokas averaged 25 points per game and pulled down 13 rebounds in each contest. Butkus accounted for 7.3 rebounds per game and scored an average of 16 points.

"Big Gold" Takes Top Honors In Tourney Action — Eliminated In Semi-Finals Of League Playoffs

In quarter-final action of the Catholic League playoffs, the Vikings conquered Fenwick 66-56. Trailing as much as seven points in the third quarter, the team opened a ten point bulge in the final minutes of the game. A 24-4 advantage from the free-throw line aided the victory.

A cold offense faced the Leo "Lions" in the semi-finals. The Heavies fell 11% below their season average of 50% from the floor. Leo sizzled at a 56% average. A 35-22 halftime advantage for Leo proved to be too much, as the Lions went on to take the honors 77-52.

The season closed with a 22-8 record. This was a year of many tournament honors, but the honor of Catholic league Champs slipped beyond reach.

In tournament action the Lights fared well. At the invitational *Crusader Classic,* an initial 51-38 victory over Br. Rice moved the Vikes into the finals. A loss to Leo, 55-50, set the Lights in second place. During Christmas vacation, the *Fenwick Junior Tournament* saw them capture fourth place with a 50-40 victory over Leo, a 65-55 loss to Weber, and a close 63-62 loss to Mendel.

The season's early losses made playoff expectations remote. The Lights finally fell out of the running with a loss to Weber.

Senior J.C. Halpin and sophomore Jim O'Connor achieved places on the Catholic League All-Star roster for Lights. O'Connor averaged 17.9 points per game during the season.

The final record for the season, 4-7, gave the Vikings a ninth place finish.

Flies, Bantams Match 6-5 Seasons

The versatile *Flies* wound up an erratic season. The team compiled an early record of 1-4 and later came back winning five out of their final six games. Due to the smaller size of the players, Mr. Czerniak, the coach, found it necessary to change the offense. The move proved successful as the team took a late season upsurge.

Size proved to be the major factor of the *Bantams*. Player for player, the team measured smaller than squads of other years. Freshman Steve Krafcisin (6'7") and sophomore Bob Vucsko contributed outstanding performances. The team compiled a final record of 6-5.

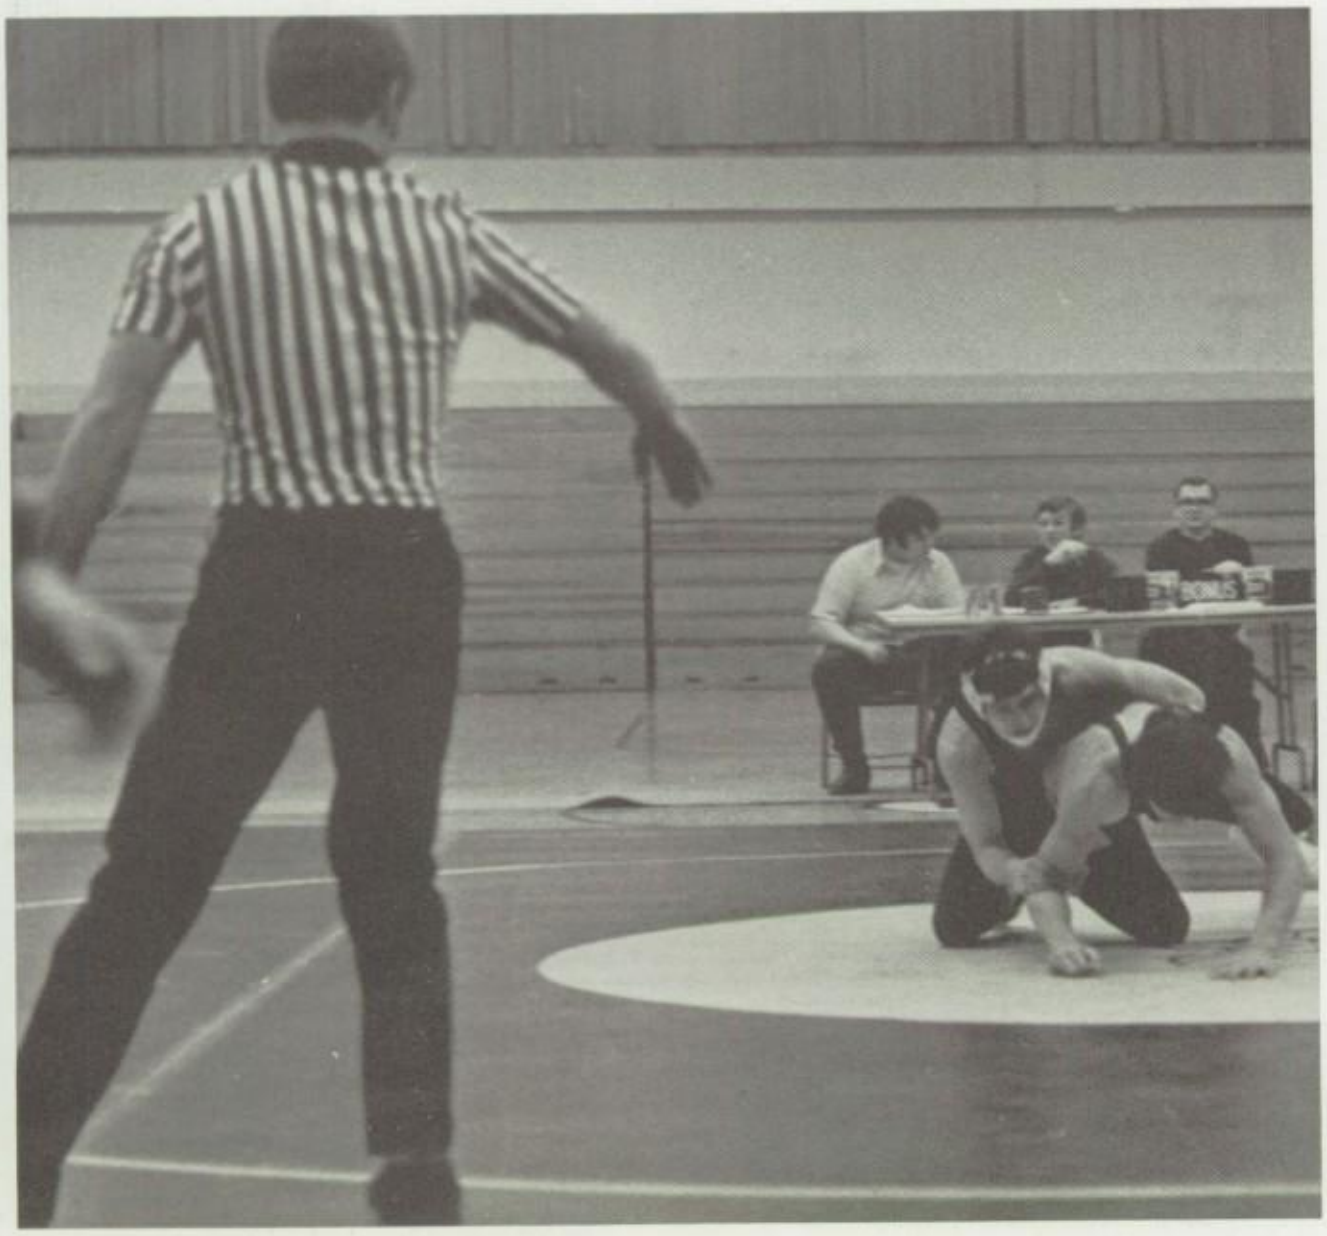
Viking Grapplers Compiled Fine Season



Success proved inevitable for Viking wrestlers despite such setbacks as a late arriving heavyweight competitor, the loss of Jobn Hoffman, and having only three seniors on the team. St. Laurence Varsity grapplers finished high in the standings, competing against Chicago area schools in city-wide prep tournaments. Bill Ramsden, Rich Wagner, Joe Tomczak, Glenn Morphew and Jim Casey all finished with high personal records. Barry, John and Jim Kenny, 3 brothers, compiled a total of 65 victories among themselves.

The J.V., compiling a steady winning record throughout the season, won the J.V. championship tournament. St. Laurence had 9 representatives in the finals. Florian Jarazewski, a junior, managed to pin all of his opponents in the tournament. With the success of this year's J.V. squad, the future of St. Laurence wrestling has a prosperous destiny. Team captains are John Kenny and Bill Ramsden.

Varsity and Junior Varsity Bowlers Clinch Top Honors

The St. Laurence Varsity and J.V. bowlers found the 1972-73 season one of their best since its formation in 1961. The tough, determined Vikings overpowered many good Catholic high school teams to take high honors.

As the first round of league play ended, the Varsity bowlers earned a solid second place with their 4-1-1 record. The J.V. worked even harder to gain a first place, 5-0-1 record. That record includes 3 shut-outs, 8-0 scores. Sophomore J.V. member Joe Vanoskey clinched the most outstanding single feat of the first round, a series of 655 (222-209-244).

As the second round started, our Varsity and J.V. teams beat Brother Rice for the second time in one season, another bowling first. Chuck Huntington leads the 5 starter, 5 sub Varsity. Bill Matevich heads the J.V.

'72 Baseball Team Eliminated in Early Playoffs

The 1972 St. Laurence Baseball Team, coached by Mr. Schwarz, ended its season with an overall record of 15-11 and a season record of 12-8 which allotted them a playoff spot. In the playoffs against Loyola, the sluggers were not as sharp as they were during the season dropping two straight games to the Ramblers. A first place finish faded away. Despite their poor playoff performance, the Vikings did have some outstanding players on the team. Dennis Michon, Rick Gleffe, Jerry Skizas, and Ron Foys lead the team in batting while hurlers Bill Keleher, Jerry Skizas, and John Kappel, who lead the pitching staff with a remarkable 1.10 E.R.A. for the season, headed the team in pitching.

Students Participate in Intramurals

Over 600 students participated in the school's intramural athletic program this year. Golf was added to the lunchtime program which already contained football, dodgeball, freethrow, handball, basketball, volleyball, and softball. Basketball and hockey continued during the evening and after school because of the strong support of many active students.

Speak Out: On Your Four Years

Four years at St. Laurence have been very enjoyable. There have been ups and downs but life is tuff.

Tom Allard

My four years at St. Laurence have been better than good. The school has everything if the student wants to learn. The teachers on the whole are the best. I learned a lot, but I also wanted to learn. Learning was a pleasure, not a burden.

Pat McCarthy

With some exceptions it was the best four years of my life.

Ron Foys

In my four years at St. Laurence I have learned a lot about myself. I never pictured myself going through four years of school in the same building. I really like this school and I don't think I would have made it in any other school.

George James

They went by too fast for me because I really didn't want to get involved. Now it's too late, but I tried my hardest this year.

Tim Daly

They haven't been all that happy. I wish the students would become more involved in the school than just leave as soon as classes end. I feel the teachers and the administration have been very good and just.

Bob Medrala

When I first started at St. Laurence as a benny, Br. Carty gave a short "Welcoming" speech. In it he mentioned that he has met with many graduates who would like the chance to do it again, to go through those four years another time. At that time I could not see their idea, but now, after four years of my own good times, I am with those guys 100%.

Randy Kaden

i felt i learn't olot in mie fore yeers at st. Laurense!? . . . etc.

Tom Masterson

"One wasted, two fair, and one great." I couldn't have spent it with a greater bunch of people.

Mark Ewald

Very eventful. During my years here there were some good times and some not so good times, but we all must roll with these times. I will be proud to say I am a graduate of St. Laurence.

Bill Powers

My four years at St. Laurence were really great because I was involved in more than just the learning process here. A high school should be more than just a place to come to because one has to. Joy is writing an article for the newspaper and seeing our championship football team, as well as receiving an A on a test.

John Vail

The years I spent at St. Laurence were definitely worthwhile; although the stigma of an outdated dress code was a deterent to education, I managed to both learn a multitude of new things as well as thoroughly enjoy myself.

Richard Kempa

I think my first two years were typical of my personality at the time. All I did was get in trouble, screw around, get jugs, and not give a damn if I got thrown out of the school. I realized that with my bottom tenth ranking I wasn't going anywhere in life, so I got cooking in Junior year. I feel like a new person when my grades are high because it improves my attitude. I'm really glad I am graduating from St. Laurence and I never thought I would.

Daniel Martin

My four years here were a complete waste of my life. This school offers nothing except a preparation for college or business management. If I had another choice I would not come back to this school.

Greg Torrise

This year has been the best (even with the cafeteria food). We took "City" this year. This is my last year and I would like to see Br. W. R. Murphy and Br. Carty return.

Peter Henry

Great! The best four years I've experienced in my life. Few realize it, but school has probably been the most dominant consideration in the past four years. I've never regrettec anything. I'd do it again if the year wasn't so long. The people at St. Laurence are the most real and every other complimentary adjective you can think of.

Tony Miksanek

St. Laurence has been a real experience. I have seen all kinds of people here, students and teachers alike. Sometimes you have to just sit back and laugh. Going to St. Laurence has taught me one thing: Take life easy! Don't let anything get you down.

Bill Lloyd

I had some bad times, but I had more good times. This was probably because you remember good things better than you remember bad things.

Speak Out: On Violence

As it is becoming a more serious problem, we should hire more police and enforce much harsher penalties for certain crimes.

Julian Spieja

Too many people look at violence as a spectative sport. They view it as a means of entertainment.

Phil Dyrda

Violence is a weak resort of today. I feel that after many years the non-violent idea will take over the place of the violent idea.

Dean Viverito

Violence never solves anything; it only complicates matters by causing more violence. The only way our world is going to survive is through peace.

Albert Kras

Violence is considered an everyday occurrence. It should not be.

Bob Jones

I believe that the non-violent way establishes more respect for you. Martin Luther King Jr. established many followers by non-violence.

Bill Carroll

Violence is something we know all too well and use all too often.

Scott Winslow

There is too much of it because we are taught to accept it and even enjoy it (T.V. shows involving war and shootings). It's still glorified today as it was in Rome.

Thaddeus Dzialo

On World Politics

World politics is nothing but a big joke. All it takes is money. If you don't have money, you don't have a chance. The rich man gets his way and the poor suffer.

Richard Gaskey

Those who run our world should work together as a whole for all man's prosperity, not just for their personal gain.

Mark Donahue

If the world would forget politics and greediness we would be living in peace.

Bill Carroll

As long as there is man there will be politics. As long as there is politics there will be war, because the common people are not voicing their opinion on the war. Politicians run the war to get money or because they are afraid of losing their jobs.

Leon Boyes

The only way any of our world's problems will be solved is if all nations and all people learn to work together for peace and prosperity for all.

Ted Dzialo

World politics is a farce. There are too many governments and people in power playing indoor games with the lives of common people.

Wayne Stremski

On Religion

There is a God. Worship Him the way you feel most at ease.

Joe McKenna

Trying to wear the face of sincerity, religion is fooling no one with its false promises.

Tom Norton

Religion seems like a whispering voice that doesn't leave us alone.

Dan Jennings

I would rather believe in a God now and find there is no such being, than not believe and find out there is.

Mike Locke

I think I have a religion, but I can't tell what it is, because I'm not sure what it is. It's still developing. Religion to me right now is a kind of personal experience. I'm still searching for what I really believe.

Nick Masla

Religion is there for those who want it. Nowadays, it seems few do.

God is a concept by which we measure our pain.

Speak Out: Drugs in Our Society

Experiences should be natural. Anything detracting from natural sensation takes from you the special privilege of life.

Tom Norton

Drugs are for people who don't want to face reality. We live in this world so we better face up to its problems instead of trying to get away from them.

Dave Grabner

There's nothing wrong with feeling high, but drugs aren't the way to do it.

Phil Dyrda

I do not plan to get it on with drugs. I have seen too many experiences, and have had friends of mine in the State Mental Hospital due to bad dope. Drugs are a drag as far as I'm concerned.

Dan Martin

If people are too weak to cope with life's problems, I guess drugs are necessary.

John Pawlowski

I don't think it's drugs that are bad. It's the people who use them.

Kevin Myron

Punish the pushers, not the junkies.

Larry Bojack

I think the causes of drug abuse can be attributed to two basic factors: *boredom* and *depression*. Kids who do nothing constructive with their time turn to drinking or drugs simply because it provides one with an ordinary though temporary pleasure. Also, those kids who see no possibility of attaining their dreams or goals, or who have been hurt by others feel they can get some pleasure through getting high.

Bob Medrala

"an insecure man's security."

Mark Ewald

If people want drugs, then let them have drugs. After all, alcohol is legal even if it's one of the most feared drugs, and the most dangerous.

Robert Frankich

Drugs should be used for medicinal purposes only. Drugs may get a person high, but coming down off them sure as hell takes a *long, hard* time.

Roy Antoniewicz

I think that any person who takes drugs is wasting his time, money and brains.

John Hoffman

I think that drugs are as harmful to the mind as they are to the body. Many times I see kids in school who I know are taking drugs. They seem to be unaware of why they are attending St. Laurence. It seems to me that these kids are going to school for the hell of it.

John Hallissey

I don't see why people need drugs. They could get just as much of a high by helping people who need them.

Tom Lynch

Drugs are for sick people. Anyone who takes drugs to get high or produce mind bending effects is really sick. Any talk of laws proposed for legalizing marijuana is ridiculous. Stiffer penalities ought to be imposed for users and the death penality should be imposed on pushers.

Bill Lloyd

I think it is fine getting high, but taking hard drugs is really stupid. I suppose though, that if your life is messed up, that it is the best way to escape reality.

Jim Bomber

If it's a problem now, it's only because people are paying so much attention to it, and people think you're not "in" unless you take them. There are so many pro-drug movies that it defeats the purpose.

Phil Areddia

Young people talk about ecology and the pollution problems, yet they continue to pollute their bodies with drugs.

Frank Lagodny

Although I personally do not indulge in drugs, I think that because marijuana is so readily available, the law's ban on it should be lifted. (The law is not a deterrent anyway.)

Tim Myscofski

There is no doubt about drugs being a part of our society. People depend on them day by day. From diet pills to tranquilizers and marijuana to heroin, they are with us and we've got to do something about it.

Michael O'Dwyer

I really don't care if any drugs are legalized, because whether they are or not I'm still not going to take them.

Jim Sgarlata

Drugs are useless and very harmful. I think a person has to be a nut to get hooked on drugs.

Don Dybala

If you can't make it on your own wit, you might as well pack up and get out.

The physical danger of drugs does not worry me as much as the psychological effect. Too many guys are wasting their senior year on cheap highs and lows instead of getting out and experiencing their world and friends.

Nick Masla

I'm totally against drugs. I feel this way because I have read what they do to people, young and old. Drugs are dangerous and should not be misused, but once they get into the wrong hands that's it. Drugs ruin the minds of many intelligent people.

Speak Out: Viet Nam War (Nov. 25)

Ridiculous! If the people want Communism, let them have it.

Robert Frankich

I can't bèlieve we screwed up the whole thing.

Mark Ewald

No sense, war. Hope we get out soon.

William Herman

I have no real comment about the war because it does not concern me yet. However, I don't think Mr. Nixon is going to end it.

Tom N. Sendzik

It's good and bad. It's good because it's stopping the spread of Communism. It's bad because we're losing a lot of men.

David Wozniak

It's a sad situation. Who cares whose fault it is. It's wrong.

Nick Masla

Who is to say if Viet Nam is right or wrong. If the world can agree that love can overrule hate, war won't be necessary, and all races on all continents can live in a harmony of peace.

Randy Kaden

The American public has a vast misconception of the Viet Nam war. They are under the impression that the conflict is coming to an end because fewer Americans are dying. The only real difference is that the Vietnamese citizens, instead of Americans, are losing their lives because of our bombs.

Richard Kempa

I feel that it was a mistake to get involved in there. However, once we got involved, we should have made some efforts to find out what the common people thought about their governments, and proceeded to abide by their wishes instead of both totalitarian governments.

Bob Medrala

The war is over except for the killing. I can only hope that by the time you read this the killing is over.

Larry Bojak

End it before it ends us!

Richard Torpy

I wish we'd pull out already! Because the draft is ending not many guys are worried about fighting. If America doesn't feel guilty (which evidently we don't since we're still in there), we had better overhaul our morals.

Tony Miksanek

We *have* to stop the insane killing that we are doing to the poor civilians of Viet Nam. We all realized that the ground war was a mistake, now we must realize that the air war is an even bigger mistake. Life, even one of a Communist, is too precious to take away by a bomb.

Raymond Prusak

Maybe we should be there, or maybe we shouldn't be there, but if we run now we'll be running for the rest of our lives. You have to make a stand somewhere. If it's not there, it's going to be somewhere else.

Kevin Myron

I'm totally against the war but if I'm drafted I'll go because I'm fighting for my country.

Bill Powers

The Viet Nam war is an undeclared, illegal war. I would refuse to participate in it.

Mike Zalewski

I am definitely against the war but if I'm drafted I'll go because I feel it is one of the responsibilities of living in the U.S.A. Hopefully, we will be out of Viet Nam by next year, because personally I don't want to die at 19.

Rick Korpal

It's good if you're a mortician.

Tom Norton

War is a learning process that we will overcome. Some day we will look upon it and laugh.

Dan Jennings

It is an exhausted subject.

Tom Lynch

The war is an obvious mistake which should be corrected as soon as possible.

Speak Out: Involvement in Activities

I didn't care my first few years but now I do.
John Hallisey

I was involved in one of the most underrated activities in the school, *the band*. As far as I'm concerned, the band is the *best* activity in the school. It was held together by the best person I've ever known, Br. Acker.
Robert Frankich

One of the greatest things in life is putting people together as a group to achieve a goal, and then achieving it.
William Herman

For the student who arrives at 8:45, goes through the day and rushes home on the bus at 2:45, there is no chance for that student to ever say he experienced the years '69 to '73. To me, the activities were what made me so much a part of the school. Whether it be football, basketball, swimming, or wrestling, chess, newspaper, and library, the students who are a part of these are a part of St. Laurence.
Randy Kaden

I think that the most important thing in high school is that people get involved in activities as much as possible. People should get as much experience in as many different fields.
Bob Medrala

I tried some of them and quit them, but now I regret it.
Timothy Daly

I've been quite active in activities here at St. Laurence during my four years. I feel that I've leaned more about people in whatever activity I was involved in. I found that most of the people who are in activities are in others. It is always the same group of people who are working on publications, dance committees, basketball, etc. These people, the ones that you hear about the most, have a right to complain about student apathy, decisions made by the Student Council or the administration, etc. These people set the reputations even if they aren't All-Star quarterbacks or student council presidents. In the "we-they" complex, these people are in a minority. They are the ones who really prove that they are proud because a team won a championship, or that the *Staff* has put out another good yearbook.
Bob Tyszka

The only way to really appreciate a school is to contribute something to it beyond the "8:45-2:45" shift. I feel that I have become part of St. Laurence in the last four years and I can only pity those who did not. It was a great four years!
Richard Kempa

I wasn't involved in anything but jug for two or three years. I wish that I had gotten more involved in my last year. I feel that even going to football games, basketball games, anc cheering for the team is a type of involvement.
Daniel Martin

I took a personal interest in the building of the track as a member of the indefinite Saturday jug team in Sophomore year. I really got close to the track.
Mike O'Dwyer

I haven't been able to join many activities at school because of work. I consider the activities very enjoyable, gratifying, and rewarding.
John Pawlowski

My involvement in activities has made my life at St. Laurence deeper in meaning. One cannot begin to understand what this school is made of or enjoy it without involvement in activities.
Tim B. Myscofski

When a person gives in happiness, can he receive happiness in any other way?
Dan Jennings

I tried out for some teams, but was never good enough or tall enough for the team. The sports teams in this school are really a farce!
Rich Korpal

I didn't get a chance to join as many activities as I would have liked to because I had to pay my tuition which forced me to get a job.
Richard Torpy

I involved myself as much as possible with everything at St. Laurence. I hope it benefited St. Laurence as much as it did me.
John Vail

Band played a major role in my life here at St. Laurence. I did get some responsibility and I did learn how to handle my responsibilities. Br. Acker should get the credit. He's a fascinating person.
Raymond Prusak

I think more students should get involved in after-school activities. These activities do not have to be sports. Extra activities give you the true meaning of school.

The Creation of a Yearbook is by no means a simple or short process. It is a huge operation consisting of an editor and his staff, an advisor, publisher's representative, photographers along with the people around the school such as the Principal, the faculty and administration, the student body, and countless other people.

From September 15, 1972 to March 8, 1973, the yearbook office was blazing with action, the clicking of typewriters, the flaring of temper, the jangling of nerves and the agony of coming on Saturday afternoon to meet all four deadlines.

Somehow, amidst the collection of pictures, books, rulers, pencils, layouts, captions and headlines. The 1973 Valhallan became a reality, Well, here it is, all 200 pages of it.

I wish to thank Mr. Ken Nemsick our yearbook representative, Br. T. J. Collins, the faculty and administration, and the entire student body for all their help and cooperation. I especially would like to thank Br. R. D. Reeves for all his patience and guidance, and to Bob Tyszka, Mike Crowley, and Mike Foley for all their hard work. If not for them the yearbook would have been a long and grueling job. We give to you Valhallan 1973 — WHERE DO WE GO FROM HERE?
